

Blendex Industrial Corporation

Advanced flooring systems meeting industry requirements.

Blendguard™/Blendcrete™ Systems

Commercial Kitchens/Food Processing

Tasteful functional features make Blendex flooring systems perfect for Food Processing facilities, Commercial Bakeries, Food

Manufacturers/Distributors and all commercial based kitchens. More than 25 years extensive field knowledge and the most advanced, tested, and trusted installers of epoxies, MMA and urethanes in the industry.

Our specialized formulations can withstand continuous thermal cycling from 32°F to 225°F without peeling or cracking. Resist-

ing penetration of grease and stains increases the life of the floor and makes maintenance easy and manageable. Blendex Industrial flooring meets FDA, USDA, and HACCP guidelines and contributes to a safe and sanitary work environment.

Blendex Flooring Solutions for the Food Industry

On the left, a typical quarry tile kitchen floor which is virtually impossible to keep clean. Grout lines trap grease, grime, and bacteria which lead to our photo on the right. Moisture around drains collects and will eventually deteriorate grout lines. This results in moisture getting underneath the tile and floor failure.

• **Kitchen Areas** • **Freezers/Coolers** • **Cook/Chill Areas** • **Prep Areas** • **Dishwash Areas/Wash Areas**
• **Storage Areas** • **Loading Docks**

Our Blendguard 1313™ Systems are seamless thus eliminating grout lines and are resin rich to provide maximum protection, durability, and are easy to clean.

Blendex Industrial Corporation has the right flooring solution for your specific needs. Each area of your kitchen presents its own particular challenge. You need a floor system that stands up to the heat and oil around fryers, is slip resistant in wet areas, great looking to you and your customers, all while being durable and easy to clean. Our complete line of floor systems has you covered. When it comes to your floor, one size doesn't fit them all. You need a floor system that is designed to meet the demands that are unique to each area. Your kitchen says you care about the quality of what you prepare and serve, let us help you showcase it.
